

## EXHIBIT 1

Dear Judge Gibney

I first want to say ~~I have~~ <sup>I have</sup> no anger with ~~about~~ the fact that you ~~have~~ <sup>have</sup> to sentence me to prison. I was wrong and deserve and accept that I must be punished. I want to sincerely apologize for something I should never have done. I was expected by my friends/family to act in a manner of knowing what was right and wrong and I failed everyone including myself and [REDACTED]. I don't want to be ~~the~~ <sup>the</sup> person I was. Looking back I chose looking at pornography and didn't realize what it was doing to me. I let pornography lead me down a bad path. It ~~distorted~~ <sup>distorted</sup> my ~~relationships~~ and attempted ~~relationships~~ <sup>relationships</sup>. I know that the likelihood of ever seeing [REDACTED] again is slim but I trust God to place me and [REDACTED] on a path of healing. If [REDACTED] wants to see me in the future, I will be there for [REDACTED] in a positive and healthy way, but I understand that will be up to [REDACTED]. I remember one of the FBI agents telling me that I was wrong [REDACTED] and failed [REDACTED] and now is the time to show [REDACTED] that I accept responsibility for my wrongs and intend to make them right. The agent was right. I had hit rock bottom and now I must do everything I can to make things right. I know I need treatment. I want to do anything to help myself get better and be better when I am released.
